Blue Ribbon Day - President

Lunch

One of our remaining president lunches is coming up quickly. On the 30th of July Sandringham will be celebrating Blue Ribbon Day as part of the presidents lunch. For only \$35pp it is worth all that and more.

Dominant third quarter sees Zebs beat first placed Port

Development Squad Report

Tom Anderson

After a disappointing end to last weeks game, Sandringham were keen to start strongly and get on top early in a contest against the top of the ladder Port Melbourne. Whilst not dominating through the midfield to start the game, Sandringham were able to kick the first two goals of the game making the most of their opportunities with the ball. In his return from injury, Jordan Matera kicked one of the first two goals whilst Daniel Hughes kicked the other. To Sandringham's credit, they were able to keep control of the game even though they had limited possessions. Their pressure both on and off the ball meant that Port were struggling to get any penetration with their disposal. With Sandringham taking the most of their chances, Sandringham were able to cause a turnover inside their forward 50 which saw Josh Fox take a tough contested mark in the goal square and goal. With the first quarter being a very even contest, a late goal from a free kick on the boundary to Corey Rich saw the Zebs take a 6 point lead into the first break.

Theo Thompson and Nick Pavlou started the game off really well through the midfield with seven and eight disposals respectively and kept Sandringham in the contest around the ball.

defeated

Geelong

4.2 5.5 8.7 13.8 86

The road trip for Sandringham out to Geelong was an overall success, heading in as favorites the pressure noticeably affected the Zebras output from the first bounce.

A slow start only got worse with Nathan Freeman succumbing to ankle injury moments after the first bounce and to only add to the worries, Myke Cook was concussed shortly after. With their best win of the season last week, the coaching staff backed their boys to stick to their structures and trust the game plan and come out on top at the final siren. Despite the first term being dominated by Geelong, Sandringham were able to counteract their press and hit back on the scoreboard late in the quarter. At the conclusion of the first quarter the Zebra's had started to get on top and if it had not been for their inaccurate kicking they would have taken the lead into the quarter time break.
